

TMC  **KIDS**
9-Bin Cubby Unit

9-Bin Cubby Unit

A clever piece that uses the magnetic whiteboard for visual themes and informational content. The cubbies below provide little treasure spaces for more items that relate to the topic on the whiteboard. Puppets, little board books, laminated matching games and puzzles are perfect for these clear plastic bins. The added element of surprise delights children when they open the bin to find out what is tucked inside. Plastic cubbies are included in this unit.
